Foreword

The *Asian Journal of Behavioural Studies* (AjBeS), is an international and interdisciplinary Open Access Journal. It publicises online both conceptual and empirical research findings pertaining to human behaviour issues affecting Asian communities living in Asia and non-Asian countries. Related studies that involve other communities shall also be considered for publications.

Articles published are sourced from condensed and retitled, among the best full papers, internationally double-blind, peer-reviewed presented at serial international conferences held worldwide since 2010, namely, the AcE-Bs (Asian Conference on Environment-Behaviour Studies), held in Asian countries, and AicE-Bs (Asia Pacific International Conference on Environment-Behaviour Studies), held in non-Asian countries. There are no processing and publication fees for those successful articles to be published.

Those conferences are jointly organised by AMER (Association of Malaysian Environment-Behaviour Researchers); ABRA (Association of Behavioural Researchers on Asians); and the cE-Bs (Centre for Environment-Behaviour Studies), Faculty of Architecture, Planning & Surveying, Universiti Teknologi MARA, Malaysia. International institutions co-hosted the conferences.

Currently, the Editorial Board (Advisory/Reviewer) Members comprises of 69 academicians represented from 17 countries worldwide, namely, Australia, Bahrain, Cyprus, Egypt, Hong Kong, India, Indonesia, Iran, Japan, Malaysia, Nigeria, North Cyprus, Taiwan, Thailand, Turkey, U.K, and U.S.A.

The *AjBeS* shall be published online bimonthly, and freely accessible at the web link below. All articles published are with the Doi and Crossmark Reference.
